OBJECTIVE

PGDM student specializing in Operations Management, with hands-on experience in business process analysis, market research and supply-chain consulting projects; skilled at gathering requirements, mapping processes and delivering data-driven solutions in cross-functional, client-facing environments.

EDUCATION

2025 - 2027	**Post Graduate Diploma in Management**	Fortune Institute of International Business (FIIB)
2020 - 2023	**Bachelor of Science**	Lalit Narayan Mithila University

CERTIFICATIONS

Supply Chain Management | Operations Management Foundation | Inventory Management Foundation | B2B Marketing | Power BI (Basic)

INTERNSHIP

Kantar Operations, Delhi | Market Research and Data Acquisition (CIP) *April 2026 - July 2026*

- Conducted market research and data acquisition across multiple client engagements, supporting operational decision-making.
- Led survey design and customer switching analysis projects to improve data collection workflows.
- Worked on process improvement, SOP creation, and tool/automation research, including an AI chatbot prototype for the HINGE Study.

Ashish Foundation, Social Internship Volunteer | New Delhi *January 2026*

- Designed digital flyers, photos and videos for autism-awareness and fundraising campaigns across social channels.
- Planned and scheduled social content and coordinated an awareness podcast featuring an Occupational Therapist.

ACADEMIC PROJECTS

Monginis Service Blueprint Design Project

- Applied service blueprinting to map customer actions, frontstage, backstage and support processes across the service journey.
- Analysed the walk-in journey using process mapping, touchpoints, capacity analysis and TIMWOODS; identified billing and packing waits as key improvement areas.

Eureka Innovation Challenge (IIT Bombay E-Cell)

- Participated as an individual applicant and advanced to the Zonal Round from the campus-level applicant pool.
- Designed BioLoop Farms, a sustainability-focused business concept converting organic waste into inputs for urban farming.

Warehouse Fulfilment Quality & Performance Dashboard

- Developed an interactive Power BI dashboard to analyse warehouse fulfilment quality and operational performance using key KPIs.
- Identified performance gaps and improvement areas, translating data insights into actionable managerial recommendations.

SKILLS

Business Process Analysis | Requirement Gathering | Data-Driven Problem Solving | Supply Chain Analysis | Stakeholder Communication

TOOLS

Power BI (Beginner Level) | MS Excel | MS PowerPoint | MS Word | Canva | Solver

ACADEMIC ACHIEVEMENT

Eureka Innovation Challenge: Independently developed and pitched an original business concept, qualifying for the Zonal Round.
